VectorShift Phone AI

24/7 AI Voice Receptionist • Never Miss a Call Again

WHAT IT DOES

- ✓ Answers every call in seconds
- ✓ Qualifies leads automatically
- ✓ Books appointments instantly
- ✓ Routes calls to your team
- ✓ Sends instant SMS/email alerts
- ✓ Works after hours & weekends

A fully autonomous AI voice receptionist that picks up your phone within seconds, qualifies callers, answers product questions, and books appointments — no voicemail, no hold music, no missed leads.

Your best receptionist never sleeps.

How VectorShift Phone AI Works

When a customer calls your business, VectorShift Phone AI **answers instantly** with a natural, professional voice. It greets callers, answers questions about your products and services, qualifies leads, and can book appointments directly into your calendar — all without any human intervention.
